TL note: This story is referring to a game called "Hyakumonogatari" or "100 stories", where you sit in a room filled with candles and tell ghost stories, and blow out a candle after each story. Fun fact: There's a drama CD in which Natsume, Tanuma, Taki, Kitamoto and Nishimura are playing this game, called "**Natsume Hyakumonogatari**", go check it out if you're interested!

Anime Project Team Asia

APTA is a non-profit scanlation group bringing you high-quality manga. All of our releases are labours of love for the manga fan community, intended to make available titles that would be otherwise unattainable. We strongly encourage readers to buy the U.S. releases in order to support the mangaka. Please also remember that these scanlations are intended for private use only. We can also provide cleaned raw manga for other language scanlation groups.
